## HEAD TURNING INNOVATION

LOK-ON™ Impact Sockets are designed to loosen up to 85% rounded and damaged fasteners whilst offering higher torque capacity and reducing stress concentration.

The patented LOK-ON™ design features a subtle cam integrated with the LOK-ON™ grooves which prevent further rounding of fasteners. LOK-ON™ Impact Sockets are impact rated and designed for extreme torque applications.

# SELF-CUT® CABLE TIES

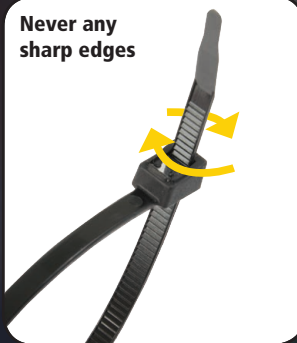

Kincrome Self-Cut Cable Ties are a revolution to the industry as no tools are required to remove the Cable Tie tail.

With an inbuilt stainless steel blade, you can quickly and effortlessly remove the tail of the cable tie, without the need of pliers or other cutting equipment.

This feature drastically improves efficiency, saving time and money as well as providing additional safety to the end user, by ensuring a clean and flush cut every time, eliminating sharp edges.

Never any sharp edges

Clean cut every time

No tools required

BLACK

- Suitable for continuous or extended exposure to outdoor sunlight

Available in packs of: 25, 100, 500

NATURAL

- Suitable for general purpose applications, resistant to chemical/grease/oil-products

Available in packs of: 25, 100

S/STEEL

- Suitable for applications that require a high-level of protection against corrosion and environmental conditions, which may cause typical nylon cables to disintegrate

Available in packs of: 10

MARKER

- Easily identify electronic, audio visual and computer cables with the simple label tab

Available in packs of: 100

REUSABLE

- Suitable for temporary fixings

Available in packs of: 100

MULTICOLOUR

- Suitable for differentiating cables

Available in packs of: 500
